

Press release 2 June, 2022

SEB share capital and number of shares

According to the AGM decision on March 22, 2022 SEB has cancelled 15,449,868 Class A shares held for capital management purposes.

The share capital of SEK 21,942m is unchanged, as at the same time as decided to reduce the share capital by cancelling repurchased shares, a decision to make a bonus issue was made, without issuing any new shares, by a transfer from non-restricted shareholders equity to share capital. By this the share capital was restored to the same level as before the reduction.

After the cancellation, the total number of issued shares in SEB as of May 31, 2022 amounts to 2,178,721,934, of which 2,154,569,426 Class A shares. The total number of votes attached to the total number of issued shares is 2,156,984,676.8.
