# SEB's share capital and number of shares

**In accordance with a decision at the AGM on 4 April 2023, SEB has cancelled 38,738,439 Class A shares held for capital management purposes.**

The share capital of SEK 21,942m is unchanged. This is because a decision was made, in conjunction with the decision to reduce the share capital by cancelling repurchased shares, to make a bonus issue, without issuing any new shares, by a transfer from non-restricted shareholders equity to share capital. As a result, the share capital was restored to the same level as before the reduction.

After the cancellation, the total number of issued shares in SEB as of 16 May 2023 amounts to 2,139,983,495, of which 2,115,830,987 are Class A shares. The total number of votes attached to the total number of issued shares is 2,118,246,237.8.
