Terms defined in the Information Memorandum have the same meaning when used in this Supplement. This Supplement is supplemental to, and should be read in conjunction with, the Information Memorandum and any other supplements to the Information Memorandum issued by SEB.

SEB accepts responsibility for the information contained in this Supplement. To the best of the knowledge of SEB (which has taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Supplement has been approved by the Central Bank of Ireland (the **CBI**) as competent authority under the Prospectus Directive. The CBI only approves this Supplement as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive.

On 15 July 2013, SEB published its interim report entitled "Interim report January – June 2013" (the **Interim Report**) containing its unaudited consolidated interim financial statements (including the auditor's limited review report thereon) in respect of the six-month period ended 30 June 2013 (the **Q2 Financial Statements**), together with the publication entitled "Fact Book January – June 2013" relating thereto (the **Q2 Fact Book**). Copies of the Interim Report and the Q2 Fact Book have been filed with the CBI.

Accordingly, the purpose of this Supplement is to (i) incorporate by reference the Q2 Financial Statements set out on pages 9-35 (inclusive) of the Interim Report and the section entitled "Market Risk" set out on page 29 of the Q2 Fact Book; (ii) confirm that there has been no significant change in the financial or trading position since 30th June, 2013; and (iii) update sections B.5 and B.12 of the Summary of the Programme contained in the Information Memorandum to include a summary of the Q2 Financial Statements.

By virtue of this Supplement, the following documents shall be incorporated in, and to form part of, the Information Memorandum:

1. the Q2 Financial Statements set out on pages 9-35 (inclusive) of the Interim Report; and
2. the section entitled "Market Risk" set out on page 29 of the Q2 Fact Book.

Since 30th June, 2013, the last day of the financial period in respect of which the most recent unaudited interim financial statements of the Bank have been published, there has been no significant change in the financial or trading position of the Bank or the SEB Group.

If documents which are incorporated by reference themselves incorporate any information or other documents therein, either expressly or implicitly, such information or other documents will not form part of this Supplement for the purposes of the Prospectus Directive except where such information or other documents are specifically incorporated by reference.

The non-incorporated parts of the Interim Report and the Q2 Fact Book are either not relevant for the investor or covered elsewhere in the Information Memorandum.

Copies of all documents incorporated by reference into the Information Memorandum can be obtained from SEB and the Paying Agent in London as described on page 58 of the Information Memorandum. A copy of the Interim Report can be viewed on the website of the SEB and is available at www.sebgroup.com/Documents/Investor_Relations/Interim_Reports/2013_Q2_interim.pdf. A copy of the Fact Book can be viewed on the website of the SEB and is available at www.sebgroup.com/Documents/Investor_Relations/Factbook/2013_Q2_factbook.pdf?epslanguage=en.

To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Information Memorandum by this Supplement and (b) any other statement in or incorporated into the Information Memorandum, the statements in (a) above will prevail.

Save as disclosed in this Supplement and any supplement to the Information Memorandum previously issued, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Information Memorandum since the publication of the Information Memorandum.

Section D – Risks

D.2	Key risks regarding the Bank	<p>In purchasing Notes, investors assume the risk that the Bank may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Bank becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Bank may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Bank’s control. The Bank has identified a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. These factors include:</p> <ul style="list-style-type: none"> • SEB’s business, earnings and results of operations are materially affected by conditions in the global financial markets and by global economic conditions; • SEB remains exposed to the risk of increased credit provisioning; • SEB is exposed to declining property values on the collateral supporting residential and commercial real estate lending;

SEB is also subject to the risk of infrastructure disruptions or other effects on such systems; • in order to compete successfully, SEB is dependent on highly skilled individuals; SEB may not be able to retain or recruit key talent; • SEB may be subject to industrial actions by its employees in connection with collective bargaining negotiations; • changes in SEB's accounting policies or in accounting standards could
