

Skandinaviska Enskilda Banken

(Incorporated in the Kingdom of Sweden with limited liability)

Global Programme for the Continuous Issuance of Medium Term Notes and Covered Bonds

This Supplement (the **Supplement**) to the Information Memorandum dated 18th June, 2014, as supplemented on 16th July, 2014, in relation to the Global Programme for the Continuous Issuance of Medium Term Notes and Covered Bonds (the **Information Memorandum**), which comprises a Base Prospectus, constitutes a supplementary prospectus for the purposes of Directive 2003/71/EC (as amended by Directive 2010/73/EU) (the **Prospectus Directive**) and is prepared in connection with the Global Programme for the Continuous Issuance of Medium Term Notes and Covered Bonds (the **Programme**) which was established by Skandinaviska Enskilda Banken AB (publ) (**SEB**).

Terms defined in the Information Memorandum have the same meaning when used in this Supplement. This Supplement is supplemental to, and should be read in conjunction with, the Information Memorandum and any other supplements to the Information Memorandum issued by SEB.

SEB accepts responsibility for the information contained in this Supplement. To the best of the knowledge of SEB (which has taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Supplement has been approved by the Central Bank of Ireland (the **CBI**) as competent authority under the Prospectus Directive. The CBI only approves this Supplement as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive.

On 23 October, 2014, SEB published its interim report entitled "Interim Report January – September 2014" (the **Interim Report**) containing its unaudited consolidated interim financial statements (including the auditor's limited review report thereon) in respect of the nine month period ended 30th September, 2014 (the **Q3 Financial Statements**), together with the publication entitled "Fact Book January – September 2014" relating thereto (the **Q3 Fact Book**).

Copies of the Interim Report and the Q3 Fact Book have been filed with the CBI.

The purpose of this Supplement is to (i) incorporate by reference certain sections of the Interim Report and the Q3 Fact Book as specified below; (ii) confirm that there has been no significant change in the financial or trading position since 30th September, 2014; and (iii) update sections B.5 and B.12 of the Summary of the Programme contained in the Information Memorandum to include a summary of the Q3 Financial Statements.

By virtue of this Supplement, the following documents shall be incorporated by reference in, and form part of, the Information Memorandum:

1. the Q3 Financial Statements set out on pages 9 – 37 (inclusive) of the Interim Report; and

2. the section entitled “Market Risk” set out on page 29 of the Q3 Fact Book.

Since 30th September, 2014, the last day of the financial period in respect of which the most recent unaudited interim financial statements of the Bank have been published, there has been no significant change in the financial position of the Bank or the SEB Group.

If documents which are incorporated by reference themselves incorporate any information or other documents therein, either expressly or implicitly, such information or other documents will not form part of this Supplement for the purposes of the Prospectus Directive except where such information or other documents are specifically incorporated by reference.

The non-incorporated parts of the Interim Report and the Q3 Fact Book are either not relevant for the investor or covered elsewhere in the Information Memorandum.

Copies of all documents incorporated by reference into the Information Memorandum can be obtained from SEB and the Paying Agent in London as described on page 55 of the Information Memorandum. A copy of the Interim Report can be viewed on the website of the SEB and is available at http://sebgroup.com/siteassets/investor_relations1/interim_reports/2014_q3_interim.pdf. A copy of the Q3 Fact Book can be viewed on the website of the SEB and is available at http://sebgroup.com/siteassets/investor_relations1/factbook/2014_q3_factbook.pdf.

To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Information Memorandum by this Supplement and (b) any other statement in or incorporated into the Information Memorandum, the statements in (a) above will prevail.

Save as disclosed in this Supplement and any supplement to the Information Memorandum previously issued, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Information Memorandum since the publication of the Information Memorandum.

Further to the incorporation by reference of the above sections of the Interim Report and the Q3 Fact Book into the Information Memorandum, the Summary of the Programme beginning on page 13 of the Information Memorandum shall be deemed updated and replaced with the Summary of the Programme in the Appendix to this Supplement.

APPENDIX

SUMMARY OF THE PROGRAMME

Summaries are made up of disclosure requirements known as “Elements”. These Elements are numbered in Sections A to E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for the Notes and the Bank. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element should be included in the summary explaining why it is not applicable.

Section A – Introduction and Warnings

Element	
A.1	<ul style="list-style-type: none">• This summary should be read as an introduction to this Information Memorandum and the relevant Final Terms.• Any decision to invest in any Notes should be based on a consideration of this Information Memorandum as a whole, including any documents incorporated by reference and the applicable Final Terms.• Where a claim relating to information contained in the Information Memorandum and the applicable Final Terms is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Information Memorandum and the applicable Final Terms before the legal proceedings are initiated.• Civil liability attaches to the Bank solely on the basis of this summary, including any translation of it, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Information Memorandum and the applicable Final Terms or following the implementation of the relevant provisions of Directive 2010/73/EU in the relevant Member State, it does not provide, when read together with the other parts of this Information Memorandum and the applicable Final Terms, key information in order to aid investors when considering whether to invest in the Notes.
A.2	<p>Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. totalled

The table below shows certain key figures for SEB on a consolidated basis. The key figures relate to all operations, including those sold as part of the Retail Ukraine sales, except that, for the purposes of this table only, Return on equity, Basic earnings per share and Cost/income ratio are each calculated on the basis of income statement figures for the continuing operations. In addition, where specifically identified, ratios have been restated to reflect certain changes in accounting principles but no restatement of capital adequacy ratios has been made to reflect the impact of the changes in the measurement of the fair value of financial assets.

Section D – Risks

Element	Title	
D.2	Key risks regarding the Bank	<p>In purchasing Notes, investors assume the risk that the Bank may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Bank becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Bank may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Bank's control. The Bank has identified a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. These factors include:</p> <ul style="list-style-type: none"> • SEB's business, earnings and results of operations are materially affected by conditions in the global financial markets and by global economic conditions; • the impact of the global financial crisis continues to pose risks to financial markets, particularly in Europe; • SEB remains exposed to the risk of increased credit provisioning; • SEB is exposed to declining property values on the collateral supporting residential and commercial real estate lending; • market fluctuations and volatility may adversely affect the value of SEB's securities portfolio, reduce its business activities and make it more difficult to assess the fair value of certain of its assets; • SEB is subject to the risk that liquidity may not always be readily available; • SEB's borrowing costs and its access to the debt capital markets depend significantly on its credit ratings; • SEB could be negatively affected by the soundness or the perceived soundness of other financial institutions and counterparties; • SEB may be subject to increased capital requirements and standards due to new governmental or regulatory requirements and changes in perceived levels of adequate capitalisation, and may also need additional capital in the future due to worsening economic conditions, which capital may be difficult to obtain; • effective management of SEB's capital is critical to its ability to operate and grow its business; • volatility in interest rates has affected and will continue to affect SEB's business; • SEB is exposed to foreign exchange risk, and a devaluation or depreciation of any of the currencies in which it operates could have a material adverse effect on

		<p>its assets, including its loan portfolio, and its results of operations;</p> <ul style="list-style-type: none"> • SEB is subject to a wide variety of banking, insurance and financial services laws and regulations, which could have an adverse effect on its business; • SEB operates in competitive markets that may consolidate further, which could have an adverse effect on its financial condition and results of operations; • conflicts of interest, whether actual or perceived, and fraudulent actions may negatively impact SEB; • SEB's life insurance business is subject to risks involving declining market values of assets related to its unit-linked business and traditional portfolios and inherent insurance risks; • fraud, credit losses and delinquencies, as well as regulatory changes, affect SEB's card business; • SEB's guidelines and policies for risk management may prove inadequate for the risks faced by its businesses; • weaknesses or failures in SEB's internal processes and procedures and other operational risks could have a negative impact on its financial condition, results of operations, liquidity and/or prospects, and could result in reputational damage; • the information technology and other systems on which SEB depends for its day-to-day operations may fail for a variety of reasons that may be outside its control. SEB is also subject to the risk of infrastructure disruptions or other effects on such systems; • in order to compete successfully, SEB is dependent on highly skilled individuals; SEB may not be able to retain or recruit key talent; • SEB may be subject to industrial actions by its employees in connection with collective bargaining negotiations; • changes in SEB's accounting policies or in accounting standards could materially affect how it reports its financial condition and results of operations; • SEB's accounting policies and methods are critical to how it reports its financial condition and results of operations. They require management to make estimates about matters that are uncertain; • SEB may be required to make provisions for its pension schemes, or further contributions to its pension foundations, if the value of pension fund assets is not sufficient to cover potential obligations; • SEB is exposed to the risk of changes in tax legislation and its interpretation and to increases in the rate of corporate and other taxes in the jurisdictions in which it operates; • SEB is exposed to risks related to money laundering activities, especially in its operations in emerging markets; • catastrophic events, terrorist acts, acts of war or hostilities, pandemic diseases or geopolitical or other unpredictable events could have a negative impact on SEB's business and results of operations; • financial services operations involve inherent reputational risk;

Element	Title	
		<ul style="list-style-type: none"> • SEB may incur significant costs in developing and marketing new products and services; • any impairment of goodwill and other intangible assets would have a negative effect on SEB's financial position and results of operations; and • a significant part of the Group's Swedish retail mortgage portfolio comprises the cover pool for the covered bonds issued by SEB and holders of SEB's unsecured obligations are subordinated to holders of covered bonds and certain derivatives counterparties.
D.3	Key information on key risks regarding the Notes	<p>There are also risks associated with the Notes, including a range of market risks, as follows:</p> <ul style="list-style-type: none"> • if the Bank has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return; • if the Bank has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned; • the interest rate on Fixed Reset Notes will reset on each Reset Date, which can be expected to affect interest payments on an investment in Fixed Reset Notes and could affect the market value of Fixed Reset Notes; • Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates; • in the case of Subordinated Notes, (i) there is a real risk that holders will lose all or some of their investment should the Bank become insolvent, (ii) the maturity of Subordinated Notes may only be accelerated in limited circumstances and, if accelerated, holders may only claim payment in the bankruptcy or liquidation of the Bank, and (iii) Subordinated Notes may also be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Bank; • in the case of Covered Bonds, (i) even though Covered Bonds have the benefit of priority in respect of the Cover Pool, holders of the Covered Bonds assume credit risk on the Bank, (ii) holders of Covered Bonds have exposure in the event of a failure of the Cover Pool to meet the matching requirements, (iii) there are certain issues that may, in the event of the Bank's bankruptcy, lead to a conflict between the interests of holders and derivative counterparties on the one hand and the other creditors of the Bank on the other, (iv) there is risk relating to the value of other assets included in the Cover Pool, (v) claims of holders of Covered Bonds could be subordinated to certain other claims in a bankruptcy, (vi) the Covered Bonds contain no event of default provisions that allow the Covered Bonds to be accelerated and no gross-up provision, (vii) there are no limitations on the Bank's incurrence of additional debt or encumbering its assets in the future, (viii) only limited due diligence will be undertaken in relation to the Cover Pool in connection with the issue of Covered Bonds, (ix) only limited information relating to the Cover Pool will be available to holders of Covered Bonds, (x) there is risk relating to certain mortgagors' rights to set-off deposits and other claims against the Bank against mortgage liabilities included in the Cover Pool in the event of the Bank's bankruptcy or liquidation, (xi) the Covered Bond Act is relatively recent legislation and it is uncertain how its provisions will be interpreted or applied by a Swedish court, and (xii) the implementation of Basel III and CRD IV will result in changes to the regulatory treatment of

Element	Title	
		<p>covered bonds;</p> <ul style="list-style-type: none"> • in the case of Notes denominated in Renminbi, (i) Renminbi is not freely convertible and this may adversely affect liquidity of the Notes, (ii) there is only limited availability of Renminbi outside the PRC, which may affect liquidity and the Bank's ability to source Renminbi to service the Notes, (iii) an investment in the Notes is subject to exchange rate and interest rate risks, (iv) if specified in the applicable Final Terms, the Bank can make payments in an alternative currency if Renminbi is not available in certain circumstances, (v) payments will only be made to investors in the manner specified in the conditions and (vi) gains may become subject to income taxes under PRC tax laws; • the Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially adversely affect the value of any Notes; • Notes in registered form are subject to certain restrictions on transfer; • the conditions of the Notes may be modified without the consent of the holder in certain circumstances; • the holder may not receive payment of the full amounts due in respect of the Notes as a result of amounts being withheld by the Bank in order to comply with applicable law; • investors are exposed to the risk of changes in law or regulation affecting the value of Notes held by them; • investors who purchase Notes in denominations that are not an integral multiple of the specified denomination may be adversely affected if definitive Notes are subsequently required to be issued; • there may be no or only a limited secondary market in the Notes and this would adversely affect the value at which an investor could sell his Notes; • the value of an investor's investment may be adversely affected by exchange rate movements where the Notes are not denominated in the investor's own currency; • changes in interest rates will affect the value of Notes which bear interest at a fixed rate; and • any credit rating assigned to the Notes may not adequately reflect all the risks associated with an investment in the Notes.
